

Aviation Capability Portfolio

AIRBUS A220

8 Platforms Available

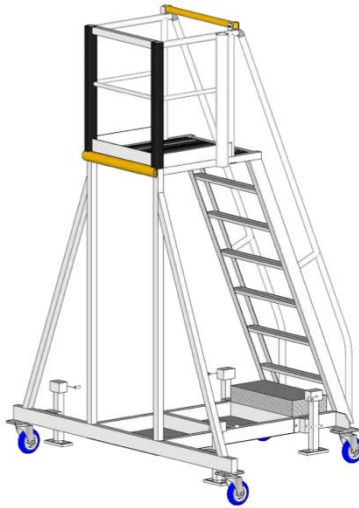

Ground support and maintenance platforms engineered for the A220 narrowbody family.

NBCP3123

Engine Servicing Platform

Engineered for safe engine access and servicing on the A220.

NBCP3122

Windscreen Cleaning Stand

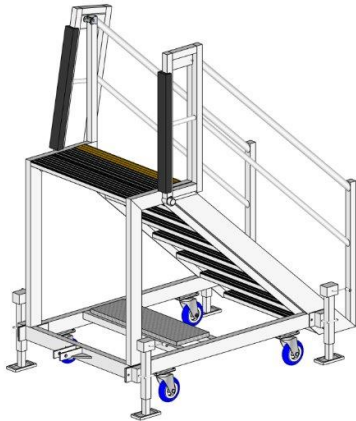

Stable elevated stand for windscreen cleaning and inspection.

NBCP3128

Maintenance Door Access Stand

Door access platform for maintenance and servicing operations.

NBCP3228

Cargo Access Stand

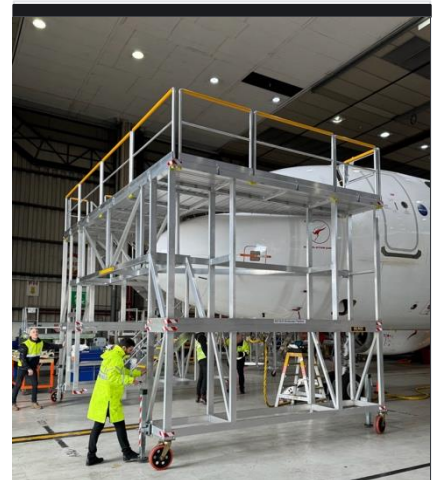

Dedicated stand for safe cargo bay access on the A220.

NBCP3135

A220/A320 MED Service Door Stand

Compatible with A220 and A320 mid-entry door configurations.

NBCP3120

Windscreen Install Platform

Precision-positioned platform for windscreen installation.

NBCP4220
PAX Stairs

Passenger boarding stairs for A220 door configurations.

NBCP3121
Cargo Access Stand

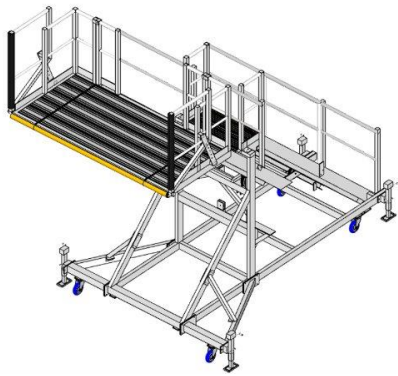

Cargo bay access stairs with folding guardrails for the A220.

AIRBUS A320 FAMILY

19 Platforms Available

Comprehensive platform range for the world's most widely operated narrowbody aircraft family.

NBGP3136

Narrow Body MED Platform

Mid-entry door platform for narrowbody maintenance access.

NBGP3208

Radome Platform

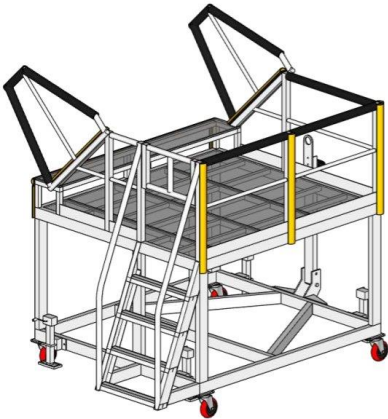

Engineered for safe radome access and inspection on the XLR.

NBGP2936

APU Access & Install Platform

With trapdoor access for APU installation and servicing.

NBGP2005

Multi-Role Platform

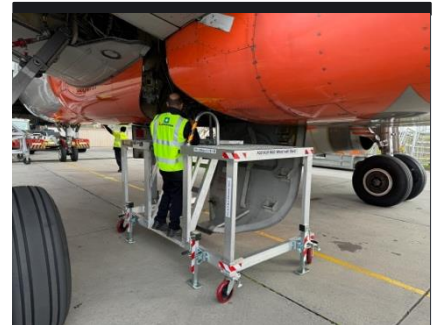

Adaptable platform for multiple A320 maintenance positions including radome, cargo and pylon access.

NBGP2683

Line Maintenance Pylon Platform

Platform for routine line maintenance on the engine pylon.

NBGP2341

MLG Line Maintenance Stand

Maintenance stand for the Main Landing Gear designed for A320 ground operations.

NBCP2226
Pylon Access Platform

Safe elevated access to engine pylon.

NBCP3209
Windscreen Access

Precision-positioned windscreen platform for the A321XLR.

NBCP3065
Crew Access Stair

Engineered for A320 crew door access during line maintenance.

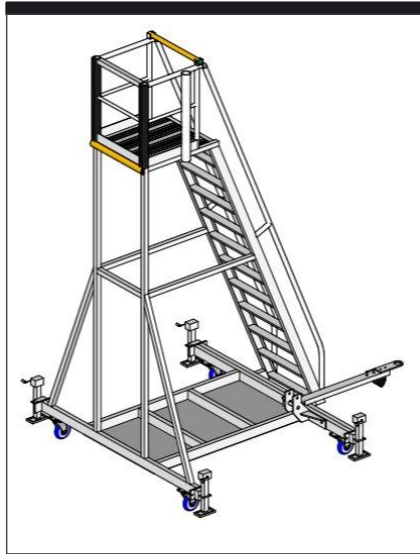

NBCP3284
A320/A321 Height Adjustable MLG Platform

Height-adjustable main landing gear maintenance and inspection stand.

NBCP3207
E&E Access Platform

Electronics and equipment bay access for the A321.

NBCP3200
Windscreen Cleaning Stand

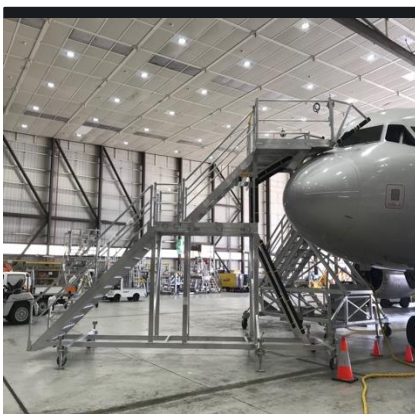

Stable stand for windscreen cleaning and inspection tasks.

NBGP3142

MLG Line Maintenance Stand

Main landing gear line maintenance and inspection stand.

NBGP2884

Windscreen Access Platform

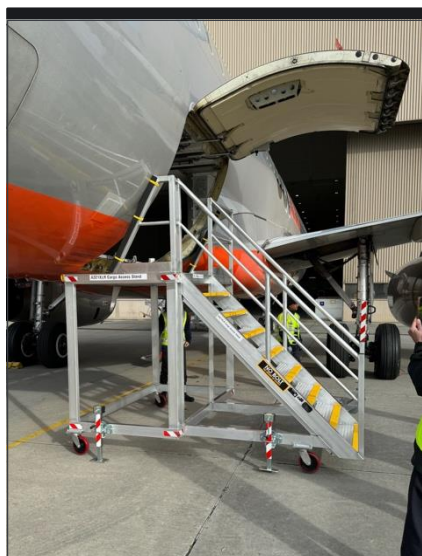

Height windscreen platform with stair access for A320 operations.

NBGP3275

A320/A321 Tail Cone Trolley

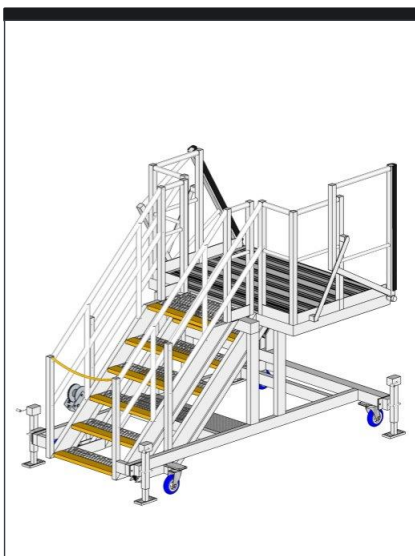

Trolley for the A320 and A321 tail cone, removed during maintenance.

NBGP3157

Cargo Access Stand

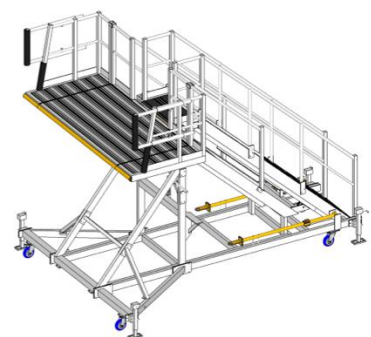

Cargo access stand for the A320 family.

NBGP3130

A321/B737 FWD & AFT Cargo

Dual-compatible forward and aft cargo access stand.

NBGP3190

A321/737/A220 FWD/AFT Door Entry Stand

Mobile platform for technician door access.

NBCP3131

A321/B737 MED Stand

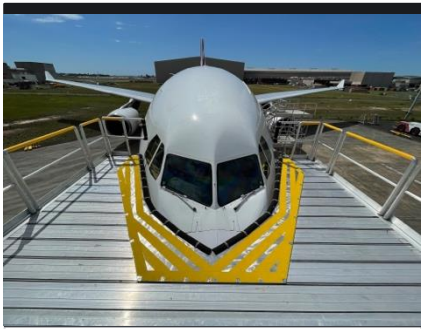

Mid-entry door stand compatible with A321 and B737.

AIRBUS A330

3 Platforms Available

Wide-body access platforms engineered for the A330's elevated fuselage and wing structure.

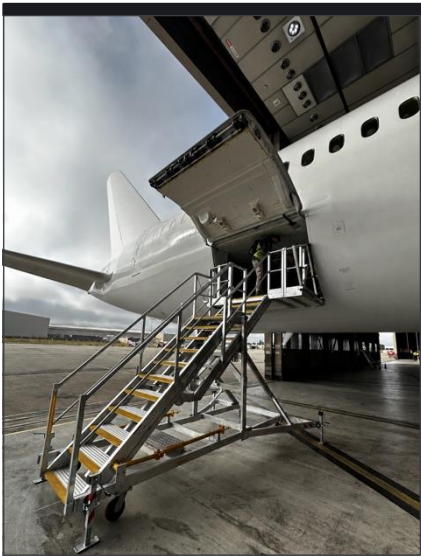

NBCP2921
Windscreen Platform

Wide-body height windscreen access for the A330 flight deck.

NBCP3143
Servo Valve Stand

Precision access stand for servo valve maintenance on the A330.

NBCP3129
A330/B787 Cargo Access

Forward and aft Cargo access compatible with A330 and B787.

BOEING 717

2 Platforms Available

Ground support platforms tailored to the Boeing 717 regional jet.

**NBCP3070****Engineering Entry Stairs**

Maintenance crew entry stairs for the Boeing 717.

**NBCP3099****Passenger Stairs**

Passenger boarding stairs for Boeing 717 door configurations.

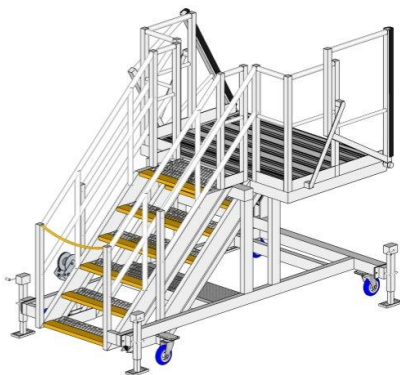

BOEING 737

4 Platforms Available

Proven platform solutions for the 737 — the world's best-selling commercial aircraft.

**NBCP3137 / NBCP3138****Crown Access Platform Set**

Matched platform pair for comprehensive B737 access coverage.

**NBCP3130****FWD & AFT Cargo Access**

Forward and aft cargo access — also compatible with A321.

**NBCP3051****Windscreen Cleaning Stand**

Dual-compatible windscreen stand — also suits A320 operations.

**NBCP3131****MED Stand**

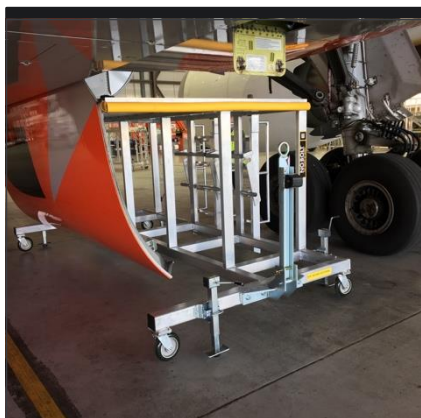

Mid-entry door stand — dual compatible with A321.

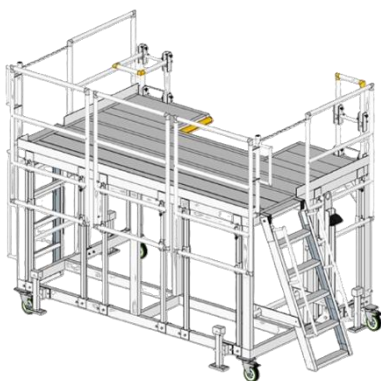

BOEING 787

8 Platforms Available

Wide-body access platforms designed for the composite structure of the Dreamliner.

**NBCP2506****Fixed Height MLGWW Stand**

Fixed-height main landing gear wheel well access stand.

**NBCP2507****MLGOW Stand**

Main landing gear outer wing access platform for the B787.

**NBCP2891****Engine Cowl Trolley**

Low-profile wheeled trolley for storage of the B787 engine cowlings.

**NBCP2504****Nose Landing Gear Platform**

Precision access platform for NLG maintenance and inspection.

**NBCP2920****Windscreen Platform**

Wide-body windscreen access for B787 flight deck operations.

**NBCP2569****Bulk Cargo Bay Access Platform**

Rear bulk cargo access for ground handling and maintenance.

**NBCP2339****Oil Panel & Cargo Bay Access**

Combined oil service panel and cargo bay access platform.

**NBCP2505****Electrical Cable Install & Removal Platform**

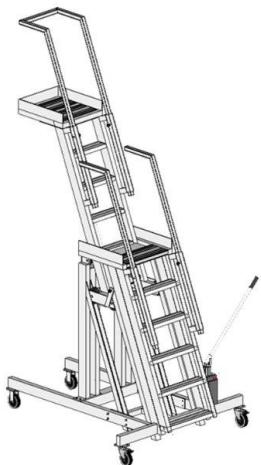

Elevated platform for safe routing, installation, and removal of electrical cables on the B787.

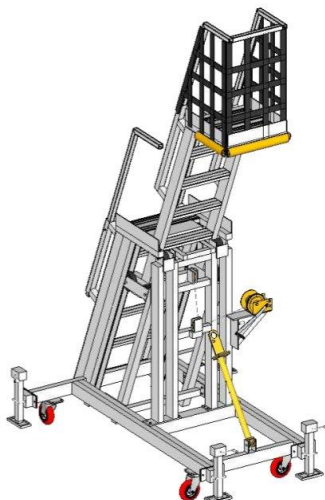

OTHER FIXED WING

14 Platforms Available

Multi-purpose platforms, A-frame ladders, and GSE solutions for diverse fixed-wing operations.

**NBCP3071****Multi-Purpose Height Adjustable**

Adjustable height platform for versatile fixed-wing applications.

**NBCP3119****Height Adjustable Stairs**

Adaptable work positioning stairs for variable aircraft door heights.

**NBCP3003****Engine Rinse Stand (Challenger)**

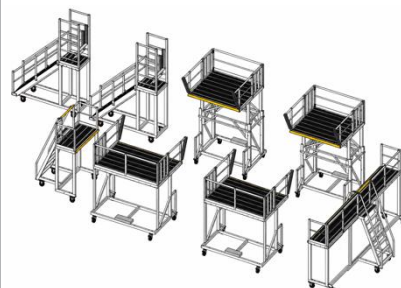

Fixed height platform for accessing the engine on the Bombardier Challenger 604.

**NBCP8400****Q400 Pre-Flight Inspection Stand**

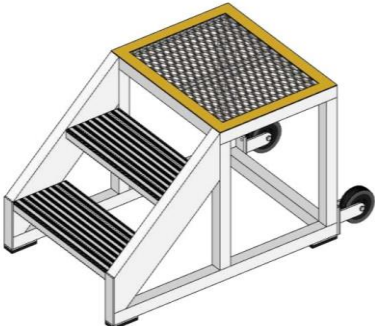

Purpose-built inspection stand for the Dash 8 Q400.

**NBCP3134****Narrow Body Engine Access**

Engine access stand for narrow-body aircraft configurations.

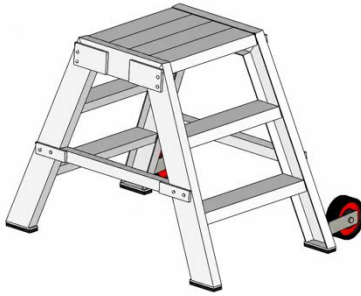

**NBCP3191****GenX Engine Stands**

Dedicated access platform for the GE GenX engine family.

NBCP3243
3-Step Platform

Compact 3-step platform for low-level aircraft access tasks.

NBCP2811
A-Frame Ladder 750mm

3-step A-frame ladder for ground-level access requirements.

NBCP2397
A-Frame Ladder 1250mm

5-step A-frame ladder for mid-level aircraft access.

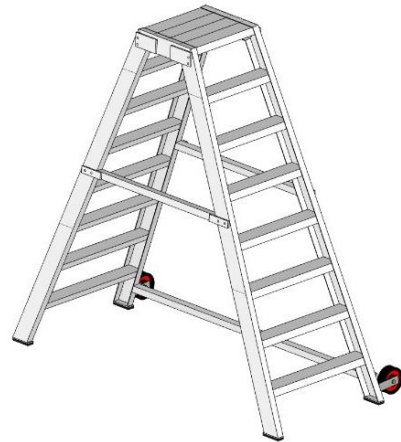

NBCP3057
A-Frame Ladder 1500mm

6-step A-frame for reliable access to fuselage-level heights.

NBCP2630
A-Frame Ladder 1750mm

7-step A-frame for elevated access on regional aircraft types.

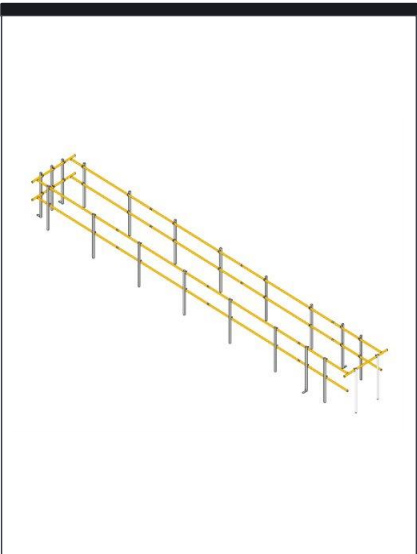

NBCP3056
A-Frame Ladder 2000mm

8-step A-frame for access on larger aircraft.

NBCP2766
GSE Catering Truck Access

Safety platform for access to and from catering truck units.

NBCP2837
GSE Maintenance Pit Guardrail

Guardrail system for maintenance pit safety in GSE operations.

LEONARDO AW139

8 Platforms Available

Complete platform set for the AW139 — the world's leading medium-twin helicopter.

**AW139LMS****Pre-Flight Inspection Stand (LMS)**

Full-access pre-flight inspection stand for the AW139.

**AW139TBS****Tail Boom Stand**

Safe elevated access to the AW139 tail rotor section.

**AW139LS-A****Left Side Access Platform**

Left fuselage access for maintenance and engine servicing.

**AW193RS-A****Right Side Access Platform**

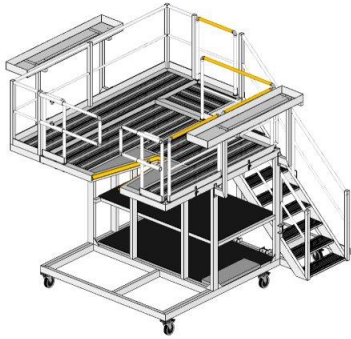

Right fuselage access for maintenance and engine servicing.

**NBCP2917****Transmission Stand**

Walk-over access stand for the AW139 transmission.

**NBCP3144****Engine Stand**

General-purpose stand for use around the AW139 engine.

**AW139TR Extended****Tail Rotor Extended Platform**

Extended tail rotor platform for full tail section coverage.

**AW139 TR****Tail Rotor Stand**

Stable access stand for tail rotor maintenance and inspection.

AIRBUS H175

2 Platforms Available

Purpose-built platforms for the H175 super-medium helicopter.

NBCP2661–2664
Right & Left Side Stands

Matched four-piece side access stand set for the H175.

NBCP2665–2666
Tail Rotor Stand

Two-piece tail rotor access and maintenance stand.

SIKORSKY S-92

4 Platforms Available

Maintenance platforms engineered for the S-92 heavy-twin helicopter.

NBCP2983

General Access Platform

Full-coverage general access platform for S-92 maintenance.

NBCP3203

Turnaround Stand

Rapid-access turnaround stand for S-92 line maintenance.

NBCP2452 & NBCP2453

RS & LS Tail Rotor Access Platform

Dual-level tail rotor access platform for the S-92.

NBCP2451 & NBCP2450

RS & LS Access Platforms

Access platform for the S-92.

LEONARDO AW189

3 Platforms Available

Heavy-twin helicopter platforms for the AW189 offshore and SAR roles.

**NBCP2587-NBCP2588****Right & Left Side Stands**

Matched side access platforms for AW189 fuselage maintenance.

**NBCP2589****Tail Rotor Stand**

Tail rotor access and maintenance stand for the AW189.

**NBCP2521****Pre-Flight Inspection Stand (LMS)**

Full-access pre-flight inspection stand for the AW139 and AW189.

AIRBUS H135

6 Platforms Available

Lightweight maintenance platforms for the H135 light-twin helicopter.

NBCP — TBC

Operational Maintenance Platform

Standard height operational maintenance platform for H135.

NBCP — TBC

Medium Operational Maintenance Platform

Mid-level access platform for H135 maintenance tasks.

NBCP — TBC

Tall Operational Maintenance Platform

Elevated platform for upper fuselage and rotor access.

NBCP — TBC

Tail Fin Operational Maintenance

Purpose-built platform for H135 tail fin and stabiliser access.

NBCP — TBC

Helicopter Wash Platform

Full aircraft wash platform for H135 maintenance cycles.

NBCP — TBC

Nose Deep Maintenance Platform

Deep maintenance access platform for H135 nose and avionics.

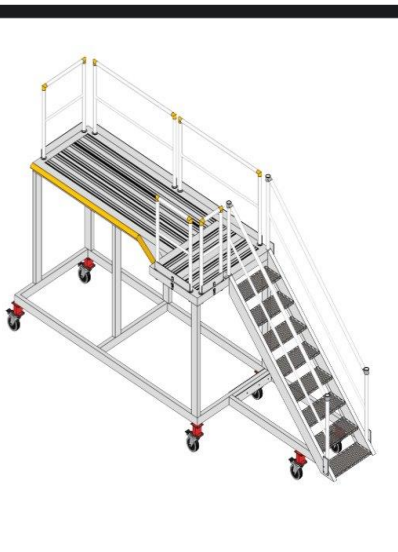

BELL 412

3 Platforms Available

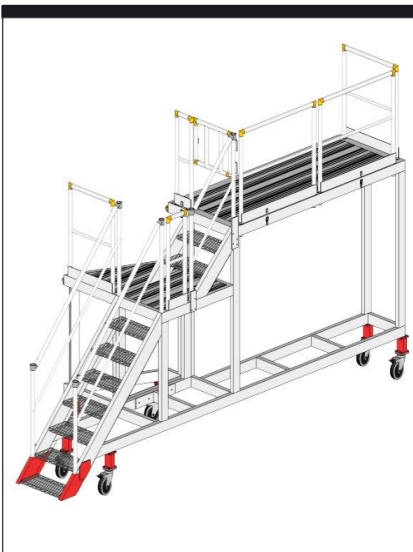

Rugged maintenance platforms for the Bell 412 utility helicopter.

**NBCP2627****Left Side Maintenance Platform**

Left fuselage access and maintenance platform for the Bell 412.

**NBCP2629****Tail Platform**

Tail section maintenance and inspection platform.

**NBCP2628****Right Side Maintenance Platform**

Right fuselage access and maintenance platform for the Bell 412.

LEONARDO AW109

1 Platform Available

Compact maintenance platform for the AW109 light helicopter.

NBCP2055

**AW109 LS RS
Maintenance Stand**

General maintenance and access
stand for the AW109.

AIRBUS H145

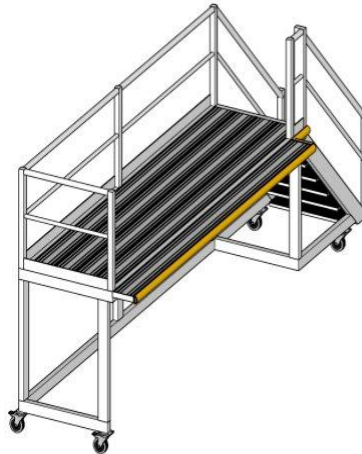

3 Platforms Available

Maintenance access platform for the H145 light-twin helicopter.

H145 RS Stand Right Side Stand

Right fuselage access stand for H145 maintenance operations.

H145 LS Stand Left Side Stand

Left fuselage access stand for H145 maintenance operations.

AIRBUS H160

3 Platforms Available

Maintenance access platform for the H160.

H160 LS RS Stand LS RS Platforms

Left and right fuselage access and maintenance platform

H160 TR Stand Tail Rotor Platform

Tail section maintenance and inspection platform.

GROUND SUPPORT EQUIPMENT

10 Platforms Available

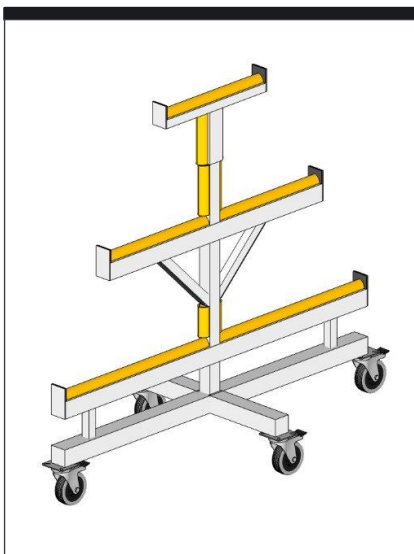

Specialised GSE safety and access solutions for aviation ground operations.

GSE TISC

Tire Inflation Safety Cage

Safety cage for controlled tyre inflation on aircraft ground equipment.

NBCP2668

Blade Stand

Main rotor blade storage and handling stand. (1 of 2 shown)

NBCP3299

Universal Trolley

General-purpose trolley for use around the AW139 and other aircraft.

NBCP3235

Offset 10x Blade Stand

Offset configuration blade stand for constrained hangar layouts.

NBCP2128

Hoist Lifter

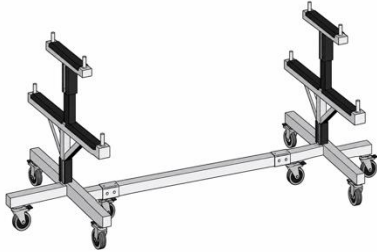

Integrated hoist lifter platform for component removal and replacement.

NBCP3233

10x Blade Stand

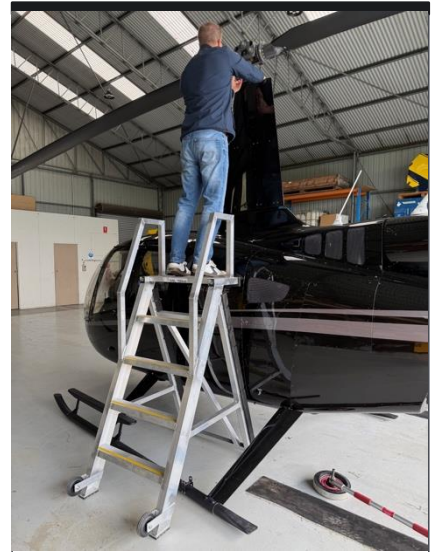

High-capacity blade stand accommodating up to 10 blades.

**NBCP2501****Blade Stand**

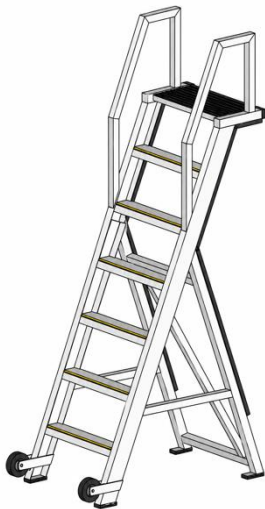

Main rotor blade storage and maintenance stand.

**RWAL1****Rotor Wing Ladder 1**

Main rotor wing access ladder
1450mm tall

**RWAL2****Rotor Wing Ladder 2**

Main rotor wing access ladder
1750mm tall

**RWAL3****Rotor Wing Ladder 3**

Main rotor wing access ladder
2050mm tall
